

## EU Ignalina Programme

<b>Date</b>	<b>The contract number</b>	<b>The contract name</b>
2022-01-03	PSt-1(13.66E)	Purchase and sale agreement for the high-density waste containers with lids goods has entered into force
2022-01-03	PSt-3(13.66E)	Purchase and sale agreement for the diamond wire cutting equipment, manufacturer CEDIMA, spare parts goods has entered into force
2022-01-13	PSt-8(13.66E)	Purchase and sale agreement for the diesel goods to the customer's storage tanks has entered into force
2022-02-09	PSt-15(13.68E)	Public procurement contract for the simple repair works of 4th floor domestic premises of building 40/1 has entered into force
2022-02-07	PST-16(13.66E)	Public procurement contract for the alpha- and beta-samples radiometer goods has entered into force
2022-02-14	PST-17(13.66E)	Public procurement contract for the Cabilux shot blast cleaning machine spare parts and consumables goods has entered into force
2022-02-14	PST-18(13.66E)	Public procurement contract for the Maxima shot blast cleaning machine spare parts and consumables goods has entered into force
2022-02-22	PST-21(13.66E)	Public procurement contract for the computer hardware spare parts goods has entered into force
2022-02-22	PST-22(13.66E)	Public procurement contract for the video and audio recovering devices goods has entered into force
2022-02-25	PST-24(13.66E)	Public procurement contract for the computer software licences goods has entered into force
2022-02-28	PST-25(13.66E)	Public procurement contract for the dosimeters lithium fluoride tablets goods has entered into force
2022-02-28	PST-26(13.66E)	Public procurement contract for the computer software licences goods has entered into force
2022-03-01	PST-31(13.66E)	Public procurement contract for the replaceable filter cartridges goods has entered into force
2022-03-01	PST-32(13.66E)	Public procurement contract for the copying equipment spare parts and consumables goods has entered into force
2022-03-01	PST-33(13.66E)	Public procurement contract for the copying and printing equipment spare parts and consumables goods has entered into force
2022-03-03	PST-36(13.66E)	Public procurement contract for the computer hardware and accessories goods has entered into force
2022-03-03	PST-37(13.66E)	Public procurement contract for the office paper goods has entered into force
2022-03-03	PST-38(13.66E)	Public procurement contract for the mobile phone goods has entered into force
2022-03-16	PST-42(13.66E)	Public procurement contract for the white women's work suits (size 40–66) goods has entered into force
2022-03-17	PST-43(13.66E)	Public procurement contract for the white men's work suits (size 56–66) has entered into force

2022-03-31	PST-47	Public procurement contract for the excavator-loader with boom goods has entered into force
2022-03-21	PST-49	Public procurement contract for men's and women's dark and light work suits goods has entered into force
2022-03-21	PST-50	Public procurement contract for men's white work suit (size 52–56) goods has entered into force
2022-03-21	PST-51	Public procurement contract for men's white work suit (size 46–50) goods has entered into force
2022-03-25	PST-59	Public procurement contract for the computer hardware goods has entered into force
2022-03-28	PST-61	Public procurement contract for the hand cleanser (scrubbing paste) goods has entered into force
2022-03-30	PST-63	Public procurement contract for the mobile phone goods has entered into force
2022-03-30	PST-64	Public procurement contract for the LED lamp goods has entered into force
2022-04-05	PST-69	Public procurement contract for preparatory work related to demolition of the Maišiagala radioactive waste storage facility structures, including construction and installation of temporary structures, has entered into force
2022-04-29	PST-71	Public procurement contract for the lifts continuous maintenance and repair services has entered into force
2022-04-11	PST-73	Public procurement contract for the computer hardware goods has entered into force
2022-04-15	PST-79	Public procurement contract for the non-rechargeable and rechargeable battery goods has entered into force
2022-04-22	PSt-82	Public procurement contract for the first stage of the project of demolition of structures “r” and “r1” (unique number 8900-2001-6013) of Maišiagala radioactive waste storage facility in Pajuodžių village, Jauniūnų district, Širvintų region, i. e. the expertise service for the construction part of the detailed design of preparatory work related to demolition of the structures, including construction and installation of temporary structures, has entered into force.
2022-04-22	PST-83	Public procurement contract for the peripheral consumable goods (for printers and MFPs) (Triumph-Adler) has entered into force
2022-04-22	PST-84	Public procurement contract for the peripheral consumable goods (for printers and MFPs) (SAMSUNG) has entered into force
2022-04-22	PST-85	Public procurement contract for mobile monitor goods for the measurement of alpha and beta aerosol volumetric activity in air has entered into force
2022-04-25	PST-86	Public procurement contract for luminaires, electrical lighting equipment and electrical installation goods has entered into force
2022-04-28	PSt-88	Public procurement contract for the peripheral consumable goods (for printers and MFPs) (CANON) has entered into force
2022-04-28	PST-89	Public procurement contract for the peripheral consumable goods (for printers and MFPs) (KYOCERA) has entered into force
2022-04-28	PST-93	Public procurement contract for the mobile phone goods has entered into force
2022-05-04	PSt-96	Public procurement contract for the household goods has entered into force

2022-05-10	PST-100	Public procurement contract for the general expertise service for the construction project of the production, industrial (energy) purposes building MSP 138 at Elektrinės str. 4, Drūkšinių vil., Visaginas mun., has entered into force
2022-05-10	PST-101	Public procurement contract for the 330 kV power lines demolition design and work has entered into force
2022-05-11	PST-103	Public procurement contract for the Technical design “Installation of two underground modular drainage pumping stations for collecting and pumping drainage water from buildings 101/1,2 and the INPP territory” development and its execution supervision services has entered into force
2022-05-19	PST-108	Public procurement contract for building 437/1 demolition and engineering networks reconstruction work, including design, has entered into force
2022-05-19	PST-109	Public procurement contract for building 260 demolition work, including design, has entered into force
2022-05-19	PST-110	Public procurement contract for the structures complex demolition work, including design, has entered into force
2022-05-17	PST-111	Public procurement contract for the lighting electrical equipment goods has entered into force
2022-05-17	PST-112	Public procurement contract for the respirator FFP3 goods has entered into force
2022-05-17	PST-113	Public procurement contract for the disposable shoe covers, disposable protective overalls goods has entered into force
2022-05-18	PST-115	Public procurement contract for the disposable protective overalls goods has entered into force
2022-05-18	PST-116	Public procurement contract for the footwear goods has entered into force
2022-05-31	PST-121	Public procurement contract for the remote-controlled dismantling equipment (robot) goods has entered into force
2022-06-07	PST-127	Public procurement contract for the order of simple repair works of the SE Ignalina Nuclear Power Plant objects has entered into force (Order 15)
2022-06-13	PST-128	Public procurement contract for the shot blaster cleaning equipment goods has entered into force
2022-06-16	PST-133	Public procurement contract for the disposable shoe covers goods has entered into force
2022-06-16	PST-134	Public procurement contract for the abrasive cutting and grinding discs goods has entered into force
2022-06-17	PST-136	Public procurement contract for the threading tool goods has entered into force
2022-06-17	PST-137	Public procurement contract for the drill goods has entered into force
2022-06-20	PST-138	Public procurement contract for the shoe covers goods has entered into force
2022-06-21	PST-140	Public procurement contract for the adhesive packaging tape goods has entered into force
2022-06-23	PST-145	Public procurement contract for the shoe covers goods has entered into force
2022-06-27	PST-146	Public procurement contract for the shoe covers goods has entered into force
2022-06-28	PST-152	Public procurement contract for the cable goods has entered into force
2022-07-11	PST-161	Public procurement contract for the Mirion Technologies Inc. equipment spare parts goods with installation and commissioning services has entered into force

2022-08-03	PST-162	Public procurement contract for the Maišiagala radioactive waste storage facility structures R and R1 (unique number 8900-2001-6013), located in Pajuodžių village, Jauniūnų district, Širvintų region, demolition project (No. EK2019-1) implementation supervision services has entered into force
2022-07-18	PST-167	Public procurement contract for the vacuum pump goods has entered into force
2022-08-02	PST-175	Public procurement contract for the development of the technical design for the reconstruction of the INPP steam boiler house at Elektrinės str. 4, K-12, Drūkšinių vil., Visaginas mun., and for the provision of project implementation supervision services has entered into force
2022-08-01	PST-179	Public procurement contract for the operating systems, databases and cyber protection software goods has entered into force
2022-08-01	PST-180	Public procurement contract for the databases software goods has entered into force
2022-08-01	PST-181	Public procurement contract for the drawing software goods has entered into force
2022-08-01	PST-182	Public procurement contract for the hand-held radiometer goods has entered into force
2022-08-01	PST-183	Public procurement contract for the gamma radiation equivalent dose rate meter goods has entered into force
2022-08-03	PST-186	Public procurement contract for the shot blaster cleaning equipment, manufactured by BV S.R.L., spare parts and consumables goods has entered into force
2022-08-03	PST-187	Public procurement contract for the computer workstation maintenance services has entered into force
2022-08-08	PST-197	Public procurement contract for the network equipment spare parts goods has entered into force
2022-08-11	PST-201	Public procurement contract for the hand disinfectant liquid goods has entered into force
2022-08-11	PST-202	Public procurement contract for the tritium and radioactive carbon sampling services has entered into force
2022-08-16	PST-203	Public procurement contract for the roll office paper goods has entered into force
2022-08-17	PST-207	Public procurement contract for the disposable gloves goods has entered into force
2022-08-17	PST-208	Public procurement contract for the disposable gloves goods has entered into force
2022-08-18	PST-209	Public procurement contract for the disposable gloves goods has entered into force
2022-08-22	PST-213	Public procurement contract for the computer hardware goods has entered into force
2022-08-16	PST-216	Public procurement contract for the legal services has entered into force
2022-08-29	PST-218	Public procurement contract for the computer hardware goods has entered into force
2022-09-05	PST-221	Public procurement contract for the road No. 5 and access road to the transport park (330 vehicles) simple repair works has entered into force
2022-09-08	PST-230	Public procurement contract for the load-lifting machinery battery elements and their accessories, battery goods has entered into force
2022-01-19	PStS-8	Public procurement contract for the buildings 151/154, 154A,B and building 153 simple repair works has entered into force
2022-06-10	PStS-47	Public procurement contract for the order of simple repair works of the INPP objects has entered into force
2022-07-12	PStS-53	Public procurement contract for the order of simple repair works of the INPP objects has entered into force

2022-09-14	PST-234	Public procurement contract for the goods of spare parts to various industrial pumps has entered into force
2022-09-14	PST-235	Public procurement contract for the services of geophysical (seismic) surveys at representative locations has entered into force
2022-09-15	PST-236	Public procurement contract for the goods of the self-propelled scraper has entered into force
2022-09-16	PST-238	Public procurement contract for the services of the polygraphy production has entered into force
2022-09-22	PST-242	Public procurement contract for the works on simple repair of the bus pavilion, support walls and step aisle towards building 31V in front of the INPP site (Inv. No 2003000197) has entered into force
2022-09-27	PST-249	Public procurement contract for the services of general expertise has entered into force
2022-09-28	PST-250	Public procurement contract for the services of the multifunctional photocopy equipment rent has entered into force
2022-10-05	PST-258	Public procurement contract for the goods of disposable overalls has entered into force
2022-10-05	PST-259	Public procurement contract for the goods of disposable overalls has entered into force
2022-10-10	PST-262	Public procurement contract for the goods of resin cassettes has entered into force
2022-10-10	PST-263	Public procurement contract for the goods of resin columns and ion exchange resin has entered into force
2022-10-10	PST-264	Public procurement contract for the goods of mobile phones has entered into force
2022-10-11	PST-266	Public procurement contract for the goods of the metallic cabinet has entered into force
2022-10-13	PST-268	Public procurement contract for the goods of bags for garbage and packaging has entered into force
2022-10-18	PST-273	Public procurement contract for the goods of spare parts to the security and video surveillance system has entered into force
2022-10-19	PST-276	Public procurement contract for the goods of sealed reusable overalls has entered into force
2022-10-20	PST-277	Public procurement contract for the goods of the video surveillance system's video wall has entered into force
2022-10-20	PST-278	Public procurement contract for the goods of computer parts and accessories has entered into force
2022-10-27	PST-283	Public procurement contract for the goods of protective blankets has entered into force
2022-10-28	PST-287	Public procurement contract for the goods of the remote-controlled dismantling equipment (robot) has entered into force
2022-10-28	PST-288	Public procurement contract for the simple repair works with design services of the engineering-technical premises on the roof of the SE INPP building 130/2 has entered into force
2022-10-31	PST-293	Public procurement contract for the services of organisation of business travels has entered into force
2022-11-03	PST-297	Public procurement contract for the services of organisation of business travels has entered into force
2022-11-07	PST-300	Public procurement contract for the simple repair works with design services of premise 206 of the INPP building 159 (garage-car wash) has entered into force
2022-11-09	PST-311	Public procurement contract for the electrical goods has entered into force
2022-11-11	PST-313	Public procurement contract for the goods of LED monitors has entered into force

2022-11-11	PST-314	Public procurement contract for the electrical power goods has entered into force
2022-11-14	PST-316	Public procurement contract for the goods of type 1CX freight containers has entered into force
2022-11-15	PST-320	Main public procurement contract for the services of legal consultations has entered into force
2022-11-16	PST-321	Public procurement contract for the goods of KD4 monitors has entered into force
2022-11-17	PST-326	Public procurement contract for the goods of PCA8 computers ALL-IN-ONE has entered into force
2022-11-18	PST-330	Public procurement contract for the stationery goods has entered into force
2022-11-21	PST-332	Public procurement contract for the goods of NB1 notebooks has entered into force
2022-11-22	PST-335	Public procurement contract for the goods of NB5 notebooks has entered into force
2022-11-25	PST-339	Public procurement contract for the goods of magnetic boards has entered into force
2022-11-25	PST-340	Public procurement contract for the simple repair works on the SE Ignalina Nuclear Power Plant facilities according to the Order under Contract No 19-0235-013 has entered into force
2022-11-28	PST-341	Public procurement contract for the goods of diesel fuel has entered into force
2022-11-29	PST-342	Public procurement contract for the goods of hand cream has entered into force
2022-11-29	PST-343	Public procurement contract for the goods of disposable overalls has entered into force
2022-12-01	PST-351	Public procurement contract for the services of the software rent has entered into force
2022-12-01	PST-352	Public procurement contract for the goods of mobile phones has entered into force
2022-12-01	PST-353	Public procurement contract for the goods of mobile phones has entered into force
2022-12-05	PST-358	Public procurement contract for the goods of hydraulic metal cutting shears has entered into force
2022-12-06	PST-360	Public procurement contract for the goods of tablet computers has entered into force
2022-12-06	PST-361	Public procurement contract for the goods of tablet computers has entered into force
2022-12-06	PST-362	Public procurement contract for the services of premises cleaning has entered into force
2022-12-08	PST-363	Public procurement contract for the goods of diesel has entered into force
2022-12-09	PST-364	Public procurement contract for the goods of the A2-215 crane has entered into force
2022-12-09	PST-365	Public procurement contract for the goods of the A2-140-2 crane has entered into force
2022-12-09	PST-366	Public procurement contract for the goods of the AB2-135 crane has entered into force
2022-12-09	PST-367	Public procurement contract for the goods of the A2-214-2 crane has entered into force
2022-12-09	PST-368	Public procurement contract for the goods of the A2-214-1 crane has entered into force
2022-12-12	PST-370	Public procurement contract for the goods of the scissor lift has entered into force
2022-12-12	PST-371	Public procurement contract for the goods of transport containers ILW-LLS necessary for the decommissioning of the Maišiagala Radioactive Waste Storage Facility has entered into force
2022-12-12	PST-373	Public procurement contract for the goods of antistatic polyethylene covers for FIBC bags has entered into force
2022-12-13	PST-374	Public procurement contract for the goods of laundry consumables has entered into force

2022-12-15	PST-377	Public procurement contract for the goods of hygienic paper has entered into force
2022-12-15	PST-378	Public procurement contract for the goods of the higher performance stationary computer has entered into force
2022-12-15	PST-379	Public procurement contract for the goods of the high-performance stationary computer has entered into force
